Thanks for meeting this week. Confirmed that we are comfortable with the work proposed with the protections and damage mitigation measures required by the town arborist. Thanks.

Hello Anthony,

Please let us know if there are any other questions.

If all good, then we would like to get your approval confirmation so we can present back to the town's planning commission. Next week is the deadline.

Speak soon.

Rakesh

Subject: Redwood Tree 16 Backyard Right Side

Hello Anthony,

Good catching up the other day.

As mentioned, the challenge is with Redwood tree # 16 in the far back right side of your yard. It is an extremely tall redwood with large diameter; somewhat dangerous 😊

I have attached few docs for your review.

- Arborist report with suggestions to address the challenge (via link below as it is large file)

- Site Plan design for the carport and the driveway
- Screenshot for carport and driveway

We have taken utmost care and are going to do our best to protect those redwoods. The plan is to hand dig for portions of the driveway and carport. There are also requirements to water the tree during certain times of constructions.

Hope this works for you. Please review and let me know if you have any questions.

PS: The Town of Atherton would like to see an email correspondence and an approval from you.

Regards,
Rakesh
