

FOR YOUR HEALTH

Sequoia Healthcare District

For Your Health

Our History

The Beginning

1938 – Community members appeal to the city council of Redwood City and vote for a hospital to serve southern San Mateo County

1949- Construction of Sequoia Hospital begins

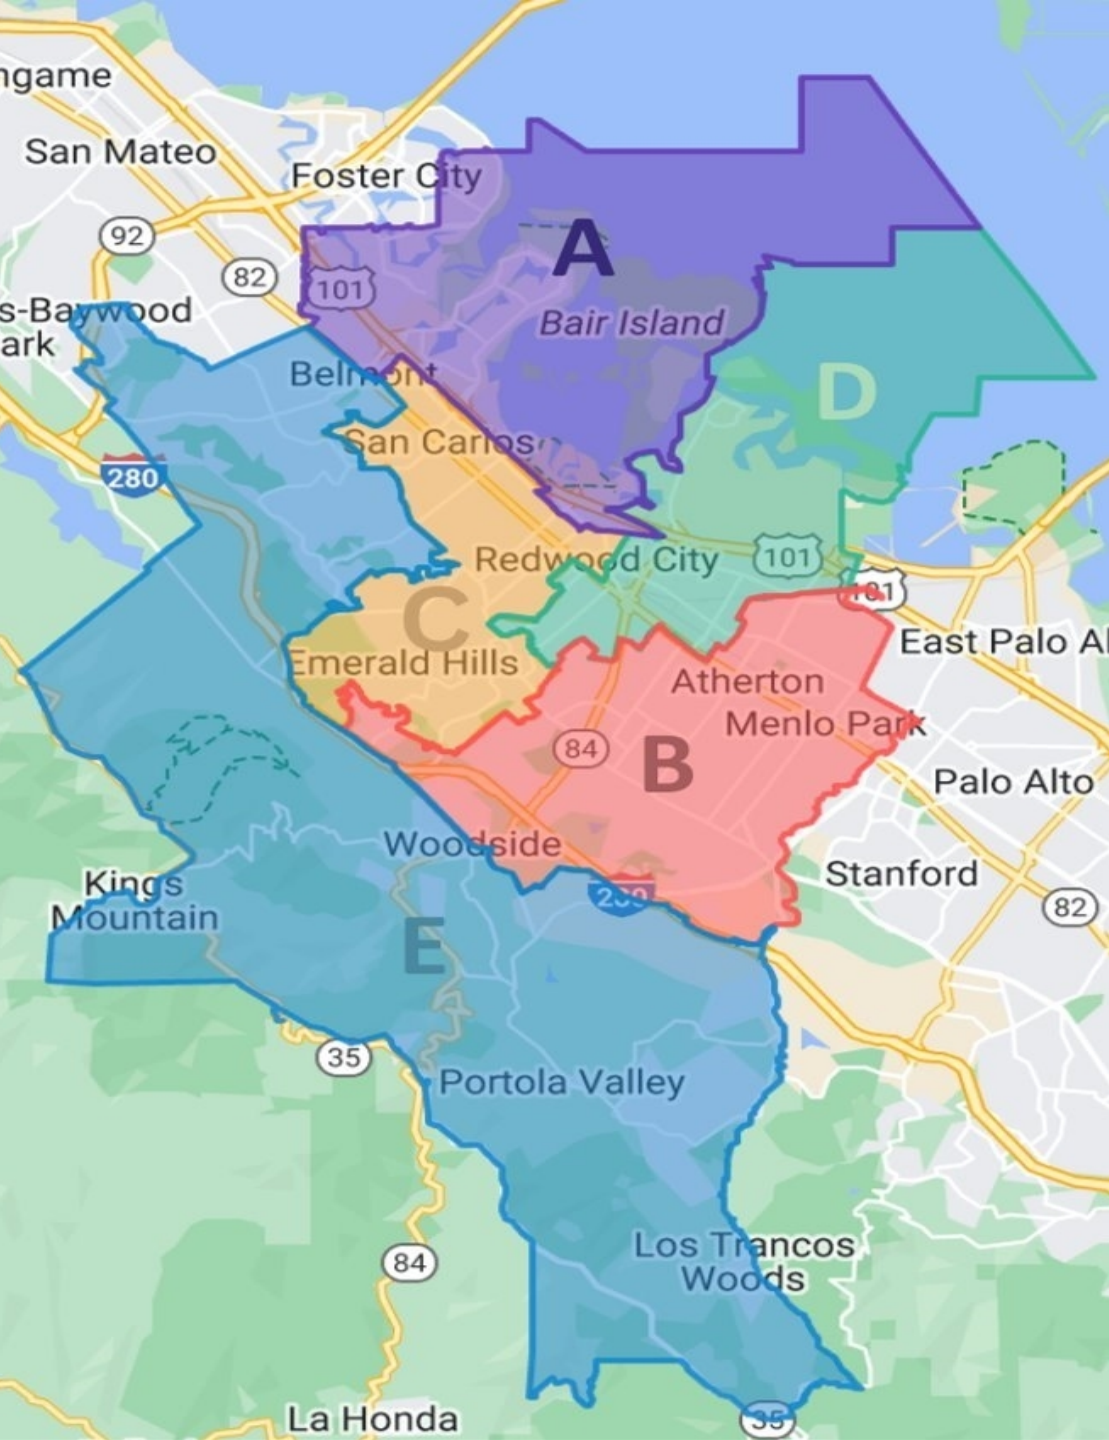

A NEW ERA

1996 – Sequoia Hospital management transferred to Catholic Healthcare West. Hospital District was then renamed the Sequoia Healthcare District

Present - SHD mission to:

- improve access to services
- reduce health disparities
- support the well well-being of all District residents

2022-2025 Strategic Plan

1. Equity and inclusion
2. Innovation
3. Collaboration
4. Communications
5. Advocacy

Major Shift in Oral Health Access

NEW Dental Clinic on the horizon - \$6M community investment

In partnership with Ravenswood Family Health Center, we will convert the existing 525 Veterans Blvd. office building in Redwood City into a dental clinic

Key Takeaways

- More than a funder, a community collaborator
- Filling critical health gaps – school nurses, oral health, food insecurity, senior transportation program and many more
 - We fund health resources that are not funded by insurance companies, hospitals, schools, and local/state/federal governments.

We specialize in filling the gaps left by the traditional healthcare system.
