Education: BSE from Duke University

List your civic affiliations and community activities, including service on other commissions and committees?:
Atherton Rail Committee member since 2016, Yes on Atherton Measure A Campaign co-chair (2017)

Describe your understanding of the responsibilities of the commission or committee that you are applying for and how your personal, community or professional experience relate to these responsibilities?: This committee advises the town council on park and recreation-related affairs in Atherton. My family is a frequent user of Holbrook-Palmer Park and love it. I am excited to see the transformation of Reading Park as Atherton develops the civic center and library area.

Describe why you want to serve on this commission and what you hope to accomplish as a member?: Reading Park improvements have been deferred for a long time as they were tied to the larger civic center project. Now that construction has begun, I'm excited to see the area transform into more of a park and less of an asphalt ocean. Kellogg Servant Leadership Program

List your civic affiliations and community activities, including service on other commissions and committees?: I moved to Atherton in 2018, plan to make it my home, and want to contribute to the community in a meaningful way. My recent community experience includes serving on my HOA's Board of Directors in Reston, VA and as an officer in the Reston Runner's Club, and I have been an active member for decades in the American Marketing Association. I have been a volunteer branding consultant for Civity.org in Palo Alto (a nonprofit working to bridge divides in communities) and have been approached to work on a re-branding effort for BART.

Describe your understanding of the responsibilities of the commission or committee that you are applying for and how your personal, community or professional experience relate to these responsibilities?: As a multi-sport athlete I appreciate the value that quality recreational activities and facilities represents to a city's social fabric and health of its citizens. The Committee's advisory function on these matters is exciting and relevant to me. I would bring to the table a career long history of involvement and dedication to every community in which I have lived and worked, including Manhattan, Washington DC, Los Angeles, Miami, Austin and Dallas (the Bay Area was my 7th corporate move). I have worked in strategic marketing for Fortune 100 companies as well as startups, and my career has been focused on understanding the consumer and what drives decision making and customer satisfaction with expertise in 'Kids and Family' marketing. I believe these skills would contribute to the goals and responsibilities of the Atherton Parks and Recreation Committee.

Describe why you want to serve on this commission and what you hope to accomplish as a member?: I care deeply about my community and know how important our public spaces are to its residents. I would like to contribute to the cities efforts to optimize the recreational services provided to its citizens to strengthen the sense of community and the overall level of satisfaction people feel about living in Atherton.

Additional Information you would like to add?: Diversity of thinking is a critical component of any organization which is often achieved by welcoming new voices with a fresh approach. So although I have not served on a Parks and Rec Committee, I would hope I could make significant contributions by combining an ability to work collaboratively in a group, having an open mind, my love of sports and community service, and deep experience in providing excellence in consumer experiences.

List your civic affiliations and community activities, including service on other commissions and committees?:
Menlo Atherton High School Foundation for the Future Board Member
Holbrook-Palmer Park Foundation Board Member and Officer
Supporter of Atherton Library, Atherton Police and Atherton Civic Interest League

Describe your understanding of the responsibilities of the commission or committee that you are applying for and how your personal, community or professional experience relate to these responsibilities?: I believe Park and Rec advises the Town Council on all matters relating to Holbrook-Palmer Park and to coordinate with other groups dealing with the planning, use and improvements in the Park (and presumably any other recreational spaces such as may exist in connection with the new Town Center). I am aware of the work of the Committee with respect to the Park Master Plan, the budget and financial review of the Park's operations, the maintenance of the Park and planning of community programs at the Park.

For many years I have served as a director and officer of the Park Foundation. In that role I have been privy to many issues concerning the Park since the Foundation's function has been to organize, fund and sponsor activities to enhance the use of the Park by Atherton residents.

In my role with the Foundation I have have been informed about the activities of Park and Rec Committee, both in reports on various projects at the Park and in dealing with coordination of the Foundation's activities that impact the areas of responsibility of the Committee. The actions of the Committee are regularly reported to the Foundation Board. Over the years I have discussed with others on the Board various proposals that have been considered by the Committee, some adopted and others not, to enhance or modify the Park, including several of the issues currently pending before the Committee. I believe my background will assist me in performing my duties as one of the Foundation's representatives on the Committee.

Describe why you want to serve on this commission and what you hope to accomplish as a member?: As described, I have been involved for many years with the Foundation as it has been involved with improving the Park and the experience of Atherton residents there. I believe service on the Committee will continue that effort. In addition I have lived in Atherton for over 45 years and hope work on the Committee will contribute in some small part to maintaining the benefits of the Town for all of us.

Additional Information you would like to add?: I would happy to respond to any questions.
