Radha,

I left you a VM regarding the same issue. We live next door to 92 Inglewood Lane (68 Inglewood Lane) and want to make sure we fully understand the impact to our views, shade, etc. from the proposed removal of the large, legacy tree next door which is on their initial plan. We were alerted to this by a neighbor and want to make sure we have ample time to review this from our perspective. We are out of town for another 2 weeks and returning July 6th. We saw that if we (or other parties) do not forward any concerns or reservations about this, we will not be able to change the decision of the Atherton Planning Commission regarding this tree removal. We are not objecting at this point, but need to better understand exactly how this will affect us next door.
