Address	██████████ Ave
Phone Number	██████████
Email Address	████████████████████
Commission/Committee of Interest	Environmental Programs Committee

List your civic affiliations and community activities, including service on other commissions and committees?	I currently volunteer for a variety of community services including the Redwood City Library, the Ecumenical Hunger Program, the Belle Have Community Garden, and Dreamer's Roadmap. I am a member of the Service Learning Club at M-A High School. I am also a member of the JV dance team at M-A.
Describe your understanding of the responsibilities of the commission or committee that you are applying for and how your personal, community or professional experience relate to these responsibilities?	The responsibilities of this commission involve meeting regularly to discuss ways the city can address and improve its environmental and sustainability efforts and working to implement improvements. As a youth commissioner, I bring a younger person's perspective as well as connections to people my age in the area. I'm highly organized, outgoing, and eager to solve problems, which I think will help me fulfill my responsibilities on this commission.
Describe why you want to serve on this commission and what you hope to accomplish as a member?	I want to serve on this commission because I am interested in addressing climate change in my community. By being on this commission, I want to learn more about environmental and sustainability efforts at the level of local government and gain insight into how to partner with county and state efforts to create greater change.

Additional Information  
you would like to add?

I am bilingual in English and Spanish, which can be beneficial in  
community outreach efforts.
