Subject: Bosch Alarm IP Proposal

Chief,

After conferring with a Bosch Alarm System representative and our IT Department here is the cost of upgrading our current Bosch panel to begin receiving Internet Protocol (IP) alarms from our residents:

Cost if purchased by our Town resident:

ITS-D6686-UL   Conettix IP Ethernet Adaptor for D6600 (IPv6 and IPv4) –
120VAC $1059.00

D6201-USB   3200 Account USB Key for Conettix
IP $5679.00

ITS-D6686-UL   Conettix IP Ethernet Adaptor for D6600 (IPv6 and IPv4) –
120VAC $529.50

D6201-USB   3200 Account USB Key for Conettix
IP $2839.50

                                                                      TOTAL:
          $10,106

Thank you,
Kristy
