Annual Report

January -December 2022

Town of Atherton

Mixed Compostables, Recyclables and Yard Trimmings Franchise Agreement

February 28, 2023

George Rodericks
Anthony Suber
80 Fair Oaks Ln
Atherton, CA 94027

Dear George and Anthony,

Enclosed is the annual report for January-December 2022, as required by the Collection of Mixed Compostable Recyclables and Yard Trimmings Agreement between the Town of Atherton and GreenWaste Recovery, Inc.

The following are highlights of this report:

| | |
|-----------------|---|
| i, ii, iii, vii | Mixed Compostable, Recyclables and Yard Trimmings Material & Diversion Data |
| iv | C & D Debris Data |
| v | Public Schools |
| vi | Non-Collection |
| viii | Education & Outreach |
| ix | Processing & Marketing Data |
| x | New Customers |
| xi | Customer Service Data |
| xi,xiii,xvii | Service Data-Mailing, Service Recipient Base, & Account Data |
| xii | Operational Problems |
| xiv | Summary of Franchisee Payments to Town |
| xv | Vehicle Inventory |
| xvi | Gross Revenues |
| xx,xxi,xxii | City-Supported Events, Donated Services, Historical Activities |
| xviii | Equipment Inventory |
| xix | Container Activity |

It has been a pleasure servicing the Town of Atherton and it's residents. We are pleased with the positive response we have received from the residents and look forward to continuing to service the Town of Atherton.

Sincerely,

Ereida Atayde
Customer Service & Outreach Manager

GreenWaste Recovery, Inc. - Annual 2022 Report

viii. Education & Outreach

Bill Inserts/Direct Mailers

The 2022 GreenWaste Atherton Annual Newsletter was mailed out to all residents along with the October newsletter provided information on how to dispose of extra cardboard and electronic waste. An important SB1383 path to compliance is on pace to meet the required recover rates. The holiday collection schedule were also included.

The annual Atherton Waste-Wise Event flyer was mailed with the April Invoice. It included social distancing acceptable and unacceptable e-waste materials, paper-shred drop-off guidelines, and the compost giveawa

GreenWaste Website

Throughout the year, GreenWaste updated the Town of Atherton's webpage to keep content current with information on health and safety information related to COVID-19. The resource page remained available to residents with information about, HHW & sharps disposal, Save the Food resources, California recycled content finder, reuse resources

A virtual tour of the Materials Recovery Facility remained accessible to residents. The tour features three facilities: Municipal Solid Waste, the Single Stream Recycling, and the Yard Trimmings Facility. It can be found on the GreenWaste Recovery Youtube Channel.

Social Media

GreenWaste continued to periodically post and share content on our social media platforms.

Special Events

We were able to hold all the annual Waste-Wise Event, on April 16th, as scheduled and COVID-19 procedures throughout all the events.

Greenwaste staff attended Atherton's Earth Day Event on April 23rd. There was a table with educational giving opportunities for residents to interact with Greenwaste Outreach staff. Additional carts were provided by (C) and picked up the day after the event.

GreenWaste provided waste stations for the VIP dinner on June 2nd, and the Library Grand Opening

COVID-19 has continued to cause an interruption to normal Public Education and Outreach efforts. We have, with the support of the Town, to find effective alternatives to perform Outreach and educate the community available over the phone or email to educate, answer questions and address any issues that our community created various tools and resources and made them available on our website and shared them on social media. Virtual Children's Youth Program, a Virtual MRF Tour and keeping our website and social media up to date, keep resources updated and readily available. With the support of the Town, we were able to safely coordinate neighborhood clean-up events with social distancing and safety protocols in place. In addition to the virtual available, Outreach staff has been available via phone call and/or email to assist residents with any questions they had regarding recycling and proper practices. We do our best to stay engaged with our community even with interruptions caused by COVID-19.

GreenWaste Recovery, Inc. - Annual 2022 Report

ix. Processing & Marketing Data

Due to a COVID-19 outbreak in Shanghai, the interruptions to the supply chain worsened. The f Oakland continued to be an obstacle for our transportation logistics team. Delays were commc and it took a diligent staff to move the products. Demand on fiber remained strong but it was d attain products. Our plastics were not fairing the same effect as the fiber grades since we kept tl domestic. Our goal was to find viable domestic markets for our fiber grades as well to avoid enc issues with the ports.

The Oakland Port congestion eased, due to the decrease in volume across MRFs in the area. As w produced less material for export, the demand for containers reduced. There continued to be r and delays on vessel arrivals. Demand for paper and OCC remained strong overseas. Fortunately products generated at our facility, moved domestically. Our PP unit was installed and generate material for a trial load. Prior to extracting that material from our MSW, it was being landfilled

With a worldwide economic recession, there was a decrease in demand for products. Therefore movement of products slowed down in Quarter 3. Domestic markets halted buying plastics in t of August and September.

GreenWaste Recovery, Inc. - Annual 2022 Report

xii.Operational Problems

Property Damage & Personal Injury

None to report this year.

Significant changes and/or challenges

Replacement parts for the MRF were difficult to acquire, therefore, we boosted preventative maintenance to catch anything prior to seizing/malfunctioning. Our fabrication team continued to prove their worth by increasing parts production which kept our system operational. Electrical components could not be made in-house and that was a concern.

Annual Waste-Wise Event

| | |
|-------------------------|----------------|
| Date: | 4/16/22 |
| Total Car Count: | 187 |
| E-waste tons collected: | 3.24 |
| Paper tons collected: | 3.74 |
| Compost Giveaway: | 30 cubic yards |

Location: Holbrook Palmer Park

Hours 10:00 AM to 1PM

| Material | Total | Diversion | Total Trash tons | Total Recycled tons |
|----------------|-------|-----------|------------------|---------------------|
| Electronics-in | 3.24 | 80% | 0.65 | 2.59 |

Logistics

Greenwaste staff arrived at 9am to the park to ensure proper set up.

Three areas of Holbrook Park were designated for: loose compost pick up, e-waste drop-off, and community paper shred drop-off. Each area was blocked off. The Town Maintenance staff made sure the blocked off areas remained clear. Greenwaste had 2 Outreach Staff members, three customer service staff, one Operations Staff member, and there was one Town Staff member.

Greenwaste staff greeted vehicles near the entrance and informed residents of the different sites. Each site was labeled. The signs were placed along the vehicle route and at the entrance of each site.

The loose compost pick-up site had 30 cubic yards delivered prior to the start of the event. The Town provided shovels and bags.

A flatbed truck was positioned in the e-waste drop-off site, prior to the start of the event. A Greenwaste staff member remained at the site to log the appropriate Covered Electronic Waste.

The paper shredding contractor arrived prior to the start of the event. The shredding truck was positioned in the parking lot neighboring the e-waste site.

The event ran safely and smoothly and ended promptly at 1pm. Currently, there are no suggestions for improving future clean-up events.

Donated Services

Athertonian 2022 Newsletter \$500 donation

Historical Activities

All 2022 town activities were executed as planned, per the Franchise Agreement.
