Organization**

Center for Age-Friendly Excellence

Age-Friendly Network founded in 2005 and today there are over 1400 cities worldwide

Cities of Brisbane, East Palo Alto, and Atherton are next!

Eleven cities in SMC are now certified.

What does it mean to be age-friendly?

“ Membership ... reflects cities’ commitment to listen to the needs of their ageing population, assess and monitor their age-friendliness and work collaboratively with older people and across sectors to create age-friendly physical and social environments.

Membership is also a commitment to share experience, achievements and lessons learnt with other cities and communities.”

Center for Age-Friendly Excellence

We respectfully request the support of the City:

- ✓ Publicize the age-friendly efforts
- ✓ Recommend members for the focus groups (diverse/inclusive in ethnicity/thought/culture)
- ✓ Once CAFE has completed our process, your city's and community's support and leadership is needed to move forward.

Can you commit to supporting this?

Center for Age-Friendly Excellence

An Age-friendly city is an inclusive and accessible urban/rural environment that promotes active aging

CAFE's (cfafe.org) mission is to advance transformational change to create vibrant, sustainable, supportive and inclusive communities for all generations

Thank you for joining us in creating community!
